Softeq - Struttur Sports

<https://www.struttursports.co/>

Struttur Sports is a NFT membership platform focused on building performance-driven loyalty programs for sports' fans.

166 Cargo

<https://166karqo.az/>

Fixing bugs, adding or building features and pages, changing and rebuilding UI

Personal Projects

In these projects I used public APIs, handled auth flow with NextAuth, Firebase, Netlify Auth Services, built my own Socket and Apollo GraphQL servers with Node (Express JS), worked with NoSQL databases such as MongoDB and Firebase Firestore. **First 3 projects are not responsive for mobile devices.**
