

Dear Teacher,

The **DK Super Readers** series offers children the opportunity to explore the wonderful world of non-fiction at their own speed as they progress through the five levels. The books are levelled using MetaMetrics®: The Lexile Framework for Reading, so you can be certain that you are giving each learner the best book at the best time to boost their academic progress. All Lexile information is available on this site.

Progression of key non-fiction features and skills has been carefully planned by experts in this field. The books and online content perfectly supplement core literacy programmes and are mapped to the National Curriculum.

Children will love powering up their non-fiction reading skills and becoming reading heroes!
