

Easter garland with felt eggs

Easter is in the air! Quite literally, as this DIY allows you to create an Easter garland made of felt. Choose your favourite colours and follow these 6 steps to craft these adorable stuffed eggs. Get ready to infuse your home with Easter spirit using this festive Easter decoration!

1 Select various colours of felt and cut or punch out egg shapes. Ensure you have four eggs of each colour.

2 Punch out bunny shapes in two shades of brown felt. You'll need six bunnies of each colour. Also, choose two colours of felt for flowers and punch out six flowers of each colour.

3 Assemble the eggs with bunnies and flowers, gluing all the pieces together with felt glue.

4 Take an egg with a bunny and a blank egg. Glue them together with felt glue, leaving a small opening to add filling later when the glue is thoroughly dry. Allow the glue to dry for at least an hour.

5 Once the glue is completely dry, carefully fill the eggs. If there's enough filling, you can glue shut the last piece of felt. Let it dry thoroughly again.

6 Make two holes at the top of the eggs using a hole punch. Thread the eggs onto a piece of jute twine to create a garland.
