

## Make a wedding favour: gift bag

Craft a small kraft paper gift bag in a fun and easy way. Perfect as a treat or wedding favour, and finished off with a personal tag and a jute bow.

Place the gift bag die on a sheet of kraft paper and run it through the die-cutting machine.

Fold along the score lines to shape the bag.

Apply glue to the flaps and assemble the gift bag.

Punch a circle from ivory-coloured paper and a heart from kraft paper.

Stamp the text "With love" onto the circle using black ink.

Optionally, add something extra with a fine liner, such as initials and a date. Then stick the kraft heart above the stamped text on the circle.

Turn the gift bag upside down and punch two holes at the top.

Fill the bag with something fun or tasty. Cut a piece of jute string and thread it from the back through the holes. Add the tag to the string and tie a bow to close the bag.
