

Green plants on a ring

With the fantastic range of colours in our Florence Cardstock range, you can make this home deco ring with a botanical theme. Use your own fantasy, cut different dies of leaves and branches to create this eyecatcher!

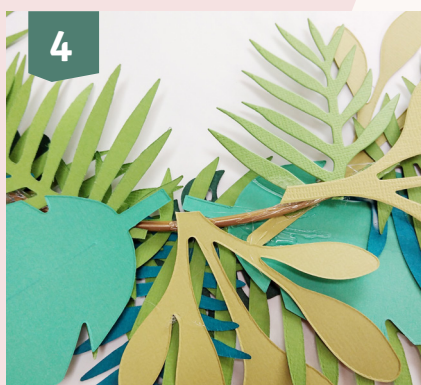

Using lots of different dies of leaves and branches, in different sizes and shapes, cut these out in different colours of Florence cardstock.

With the help of a glue gun, glue your punched out die cuts to make a base for your ring.

Then, using tacky glue build up your ring, arranging leaves in different shapes and colours until you are happy with the result.

Do not forget to cover the back of the ring with leaves to cover the glue from the glue gun!

Fold a piece of twine dubbel and tie this onto the top of your ring to use for hanging up your ring.

Tip ; Do not throw your paper out which you have cut your leaves from! These pieces you can use as stencils to use with paint!
