

Crafting an Easter gift box

Make a cute little gift box to fill with Easter treats! The stamped vellum adds an elegant touch. A simple and fun DIY for Easter crafting and decorating your table in a festive way.

1 Take an A5 sheet of vellum or parchment paper and place it on a work mat. Position the stencil on top and apply green ink using a dauber. Allow the ink to dry completely.

2 Once the ink is dry, place the die over the stencilled paper and run it through the die-cutting machine.

3 Fold along the score lines of the box.

4 Apply Glue Dots to the flaps and assemble the box.

5 Cut a piece of white paper measuring 2.6 x 1.6 inch (6.5 x 4 cm) and stamp a message and some Easter eggs on it.

6 Place the stamped strip in a label punch and punch out a label.

7
Fill the box with treats, such as Easter eggs.

8
Take a piece of satin ribbon, tie the box closed, attach the label to the ribbon. As a finishing touch, make a bow in the ribbon.
