

Craft a colourful bunny

Looking for a simple but cheerful Easter card? With this DIY, you can craft a colourful paper bunny card, perfect for Easter crafting and lovely to give or display as decoration.

Print the PDF and cut the design from sturdy cardstock. We used cream cardstock. The piece you have left is 3.9 x 5.9 inches (10 x 15 cm).

Carefully cut out the silhouette from the cardstock using a craft knife.

Cut a piece of cardstock to 7.8 x 5.9 inches (20 x 15 cm) and fold it in half to make a 3.9 x 5.9 inches (10 x 15 cm) card.

Cut or trim different strips of coloured cardstock measuring 0.2 x 3.5 inches (0.5 x 9 cm).

Then glue the separate sheet with the cut-out silhouette on top of the card.

For the first bunny, punch a circle from white cardstock and stick it onto the bunny as a tail using foam pads.

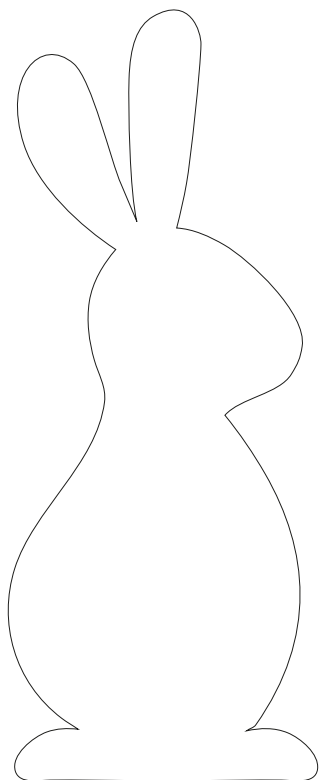

Voor het eerste konijn: pons een cirkel uit wit cardstock en plak deze met foam pads op het konijn als staartje.

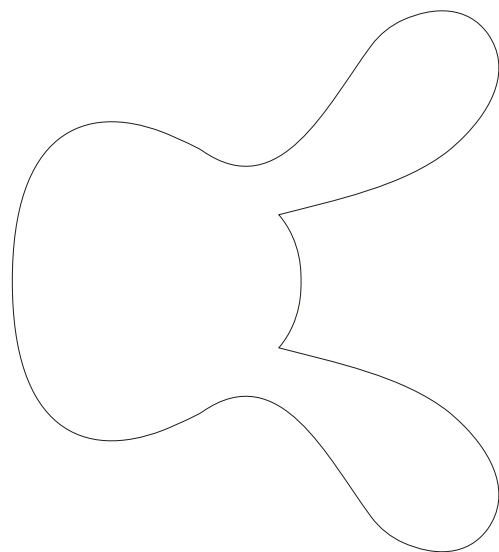

For the second bunny, punch two black ovals from black cardstock and stick them onto the bunny as eyes using foam pads.
