

Make your own card with cute zebra's

Using Florence sticker cardstock paper and a zebra cutting die from Nellie's Choice, you can craft this adorable zebra card. Follow the steps below, and in no time, you'll have a homemade card right in front of you.

Crafters ready? Let the crafting begin!

1 Use Florence sticker cardstock paper for this card. Take a sheet, cut it to fit an embossing folder, and run it through a die-cutting machine.

2 Place the matching stencil of the embossing folder over the embossed paper. Apply two ink colours using finger daubers.

3 Next, cut it to 12.5 x 12.5 cm.

4 Take another sheet of paper and cut it to 13 x 13 cm.

5 Adhere both cut sheets to a folded kraft paper card.

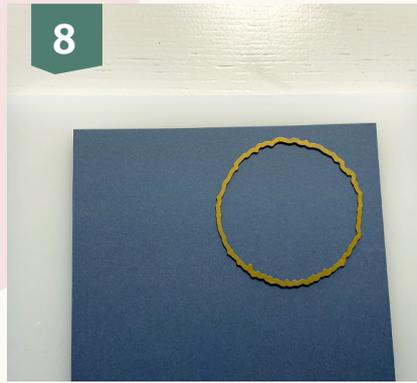

6 Choose various paper colours and use the cutting die for creating the zebras. Cut out all shapes in different colours.

Assemble the zebras as desired.

Now, cut three circles with torn edges using the cutting die. These can be in different colours.

Use white ink and run the dauber along the edges.

Stamp a fun text on one of the circles.

Finally, assemble the card and layer all the elements together.
