

## Valentine's Card with a Ticket Strip

Give that special someone a ticket to your heart with this handmade Valentine's card! Using the Vaessen Creative ticket corner punch, you can easily create a ticket strip. Perfect for anyone who loves Valentine's crafting and wants to add a creative, personal touch.

1  
Cut a strip of watercolour paper measuring 5.9 x 1.1 inches (15 x 3 cm).

2  
Score the paper at 2 inch and 3.9 inch (5 cm and 10 cm).

3  
Fold the strip along the score lines and use a corner punch to shape the ends like tickets, creating a strip with three tickets.

4  
Decorate the ticket strip and the card underneath with your drawings, paintings, and embellishments.

5  
Attach the ticket strip to the card using foam tape.
