

Mod Podge mini art in lid

Create a cute mini painting inside a lid! With some paper, Mod Podge, and a bit of creativity, you'll have a lovely little artwork to hang up in no time.

1 Trace the shape of the lid onto a piece of sturdy paper (cardstock) with a pencil.

2 Draw something nice with a pencil or use a waterproof ink stamp.

3 Cut out your design, slightly smaller than the traced shape—it will go inside the lid.

4 Use a brush to apply a thin layer of Mod Podge to the inside of the lid.

5 Stick your cut-out design onto the Mod Podge layer and let it dry completely.

6 Once dry, apply 1 to 2 thin layers of Mod Podge over the paper. Depending on where you want to hang your mini artwork, you can use a suitable type of Mod Podge.

Use a hot glue gun to attach a piece of string to the back so you can hang it up.
