

## Halloween Bat Craft

Create a fun paper bat in just a few steps, great for Halloween decorations. Add googly eyes to give it a unique and playful look!

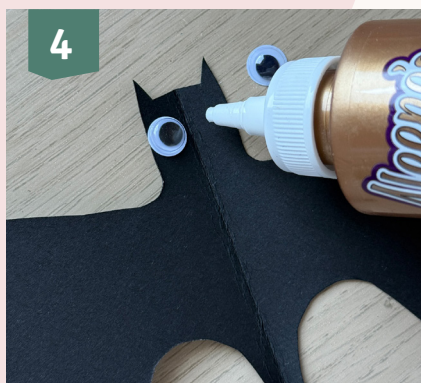

1 Fold a sheet of black paper in half.

2 Use a pencil to draw half of a bat along the fold. This will be the centre of the bat.

3 While the paper is still folded, cut out the bat shape.

4 Stick on googly eyes for a fun effect.
