

Mini Heart-Shaped Envelopes

Create cute mini heart-shaped envelopes and use them to make a playful card. Follow the steps and surprise someone with a personalised creation!

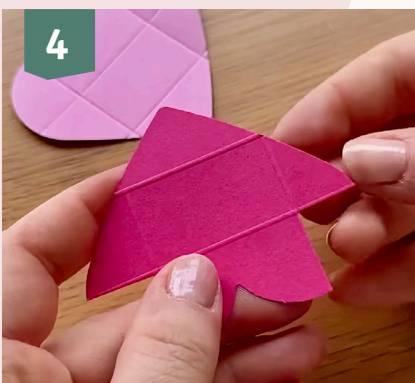

1 Punch three hearts from cardstock in different colours.

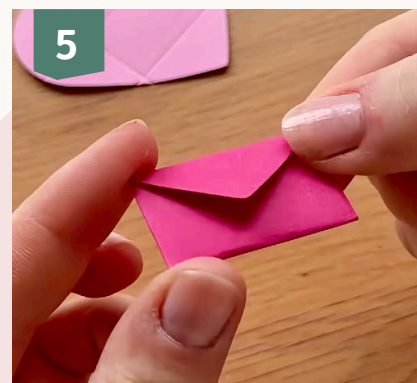

2 Place one heart on the scoring board and score vertically at $\frac{3}{4}$ " and $2\frac{1}{4}$ ".

3 Turn the heart a quarter turn and score at $\frac{7}{8}$ " and $1\frac{3}{4}$ ".

4 Trim the heart so that it matches the shape shown in the image.

5 Fold the heart closed: first fold the bottom inwards, then fold the point. Glue the sides along the rounded edges.

6 Prepare the base card. For this project, we are using a 5.8 x 3.9 inch (14,8 x 10 cm) card. Apply glue to the back of the small envelope.

Attach all the envelopes to the card. Then cut small cards measuring 1.2 x 0.8 inches (3 x 2 cm) and place them inside the envelopes for a lovely finishing touch.
