

Card with a Gingham Pattern

Create a cheerful card with a gingham pattern! By combining different colours, you'll create a playful checked design. Finish the card with a personal message.

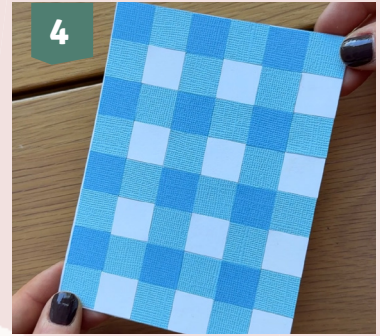

1 Punch 12 squares in a dark colour, 12 white squares and 24 squares in a light colour from paper or cardstock using a 1.7 x 1.7 cm square punch.

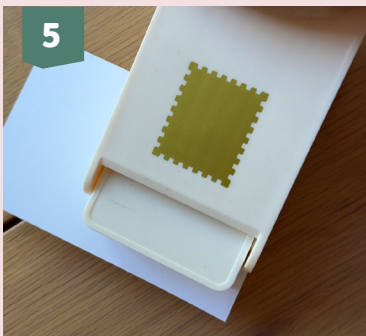

2 Cut a piece of cardstock to 10.2 x 13.6 cm. Apply glue to the card step by step as you work.

3 Stick the squares onto the card. Start the first row with a light-coloured square, followed by a white square. Begin the next row with a dark-coloured square, then add a light-coloured square.

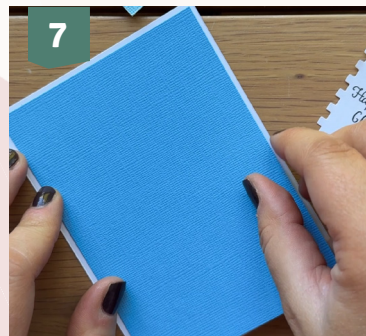

4 Repeat this pattern until you have created a gingham design.

5 Next, punch a large postage stamp shape from white cardstock using a postage stamp punch.

6 Stamp a sentiment in the centre of the postage stamp shape.

7 Attach a piece of dark cardstock to an A6 card base. Use the same dark colour as in the gingham pattern.

8 Finally, attach the cardstock with the gingham pattern to the card and place the stamped postage stamp shape in the centre.
