

WELCOME TO CLAYS

CRAFTED PROPERLY. POURED WITH PURPOSE.

At Clays, we treat cocktails like craft. Using techniques such as clarification, carbonation, butter-washing and layered infusions, every drink is developed, tested and refined in our production hub to deliver balance, depth and precision in every glass.

We keep things simple where it matters, reducing waste, skipping unnecessary garnishes and working with seasonal ingredients through careful infusion and purée. Twice a year, our bartenders compete to push creativity, with the winning serve earning its place on the menu as our Clayer's Cocktail.

Our spirits are served as a 50ml measure as standard.
Please let our team know if you have a preference.
