

Carta Branca

CHAPTER VI

Chapter VI explores modern romance with ethereal soft draping and fluid pleats, bringing a sense of lightness and sophistication to every movement. The 2026 Collection introduces two-piece looks to Carta Branca, allowing brides to create their perfect combinations. Asymmetrical necklines, strapless designs, and delicate scarves bring a contemporary touch to this season, while refined capes and removable sleeves offer endless personalisation. A vision of timeless minimalism and elegance, reimagined with modern sophistication.
